Re: Reinstatement of Class III and IV Prescribing Privileges

Dear Dr. Gulick:

At its meeting of July 24, 1992, the Arizona Board of Osteopathic Examiners in Medicine and Surgery reviewed and considered your request for reinstatement of your class III and IV prescribing privileges. Based upon their review, the Board VOTED to grant your request, and I have the privilege of informing you that your prescribing privileges for class III and class IV controlled substances are hereby reinstated, effective July 24, 1992. You will need to contact the Drug Enforcement Agency in order to make arrangements for re-registration of your facility.

Thank you for your cooperation with the staff during your probation, and best wishes for continued success with your practice. If we may be of any assistance to you in the future, please do not hesitate to contact us.

Sincerely,

Robert J. Miller, Ph.D.  
Executive Director
